During the year 3 families have been rehoused from unfit dwellings. 4 Council owned houses were erected during the course of the year, and 8 private dwellings were erected within the Borough within the same period.

### NATIONAL ASSISTANCE ACT, SECTION 47

No cases were dealt with under this Act during 1960.

## GENERAL PROVISION OF HEALTH SERVICES IN THE AREA

### Tuberculosis

Hawley Hospital, situated in the Borough of Barnstaple, has 28 beds.

### Maternity Cases

There is a ward of 14 beds with a fully qualified staff at the North Devon Infirmary, Barnstaple, available for maternity cases of doubt and difficulty.

Three beds are also set aside for maternity cases in the South Molton and District Cottage Hospital.

The General Practitioners' Maternity Unit of 13 beds is at "Highfield," Victoria Road, Barnstaple.

### Isolation of Infectious Diseases

Cases are sent either to Whipton Hospital, near Exeter, or to the Kingsley Hospital which is situated just outside the Borough of Bideford, and is well equipped in every way for the treatment of Infectious Diseases; there are 20 beds available in cubicles for Infectious cases.

### Smallpox

The Smallpox Hospital, to which cases of Smallpox will be sent, is at Upton Pine. Telephone to Isolation Hospital, Whipton, Exeter 67158, and this is the same number for the ambulance.

### General

The South Molton and District Cottage Hospital, situated in the Borough of South Molton, serves this area. There are 9 beds for general and maternity cases. The North Devon Infirmary, situated in Barnstaple, also serves the area and provides Specialists' Services.

In South Molton there are also chronic sick patients at Beech House, but no further admissions are being made.

## **Professional Nursing in the Homes**

There is 1 District Nurse in the area who acts as a Midwife.

## **Laboratory Facilities**

The main Laboratory is situated at Bradninch Place, Gandy Street, Exeter, and Dr. Moore is the Director. It is completely installed with the necessary equipment for bacteriological examinations of all kinds. Its diagnostic and consultative services are available for all patients. Bacteriological examinations of water and milk are also carried out. The service is extremely valuable and is widely used by the medical practitioners.

There is also a Pathological Laboratory at 75 Boutport Street, Barnstaple, with a full-time Pathologist and Technical Staff to meet the needs of the whole North Devon area. There is a Blood Bank at this Laboratory.

## **Infant Welfare Centre**

Held Thursday afternoons between 2 and 4.30 p.m. at 99 East Street, South Molton.

## **Ante Natal Clinic**

Held on the second and fourth Tuesday of the month at 99 East Street.

## **Ambulance Services**

Under Section 27 of the National Health Service Act, 1946, the Local Health Authority (i.e. the Devon County Council) is responsible for the provision of an Ambulance Service, and the Devon Health Committee have arranged for this to be provided through the agency of the St. John Ambulance Association. Under the scheme, an ambulance station has been established at South Molton. The districts served are South Molton Borough and South Molton Rural District. The Hospital Car Service, also under the Devon County Council, is available on application to the Hospital, by the doctor concerned, and the Ambulance Service is empowered to hire cars in urgent cases when an ambulance is not necessary.

I desire to thank the Town Clerk and Public Health Inspectors for the help they have given me.

E. WILLIAMS.

# ANNUAL REPORT OF THE CHIEF PUBLIC HEALTH INSPECTOR TO BOROUGH OF SOUTH MOLTON

For the Year ended 31st December, 1960.

8 EAST STREET,  
SOUTH MOLTON.

To His Worship the Mayor, Aldermen and Councillors,

I beg to present by Annual Report relating to work carried out during 1960.

During the year 2,754 visits and inspections were made including:—

## WATER SUPPLY

The Public mains supply has been maintained satisfactorily during the year. Chlorination by drip feed has been in operation and a pleasing result of this is that each chlorinated sample submitted to the Public Health Laboratory for bacteriological examination has been placed in Class I. of the Ministry's recommended Standards for Public Mains Supplies.

Four of the eight unchlorinated samples submitted, taken from inlet to reservoir, were unsatisfactory.

Regular leak detection has been carried out and no restriction on the use of water has been necessary.

The three Candy Filters at Westland Bridge have received regular attention.

## SEWAGE DISPOSAL

The newly completed sewage disposal works and pumping station have operated satisfactorily during the year. Samples of effluent taken by the River Board were satisfactory.

## FOODS CONDEMNED

The following foods have been voluntarily surrendered as being unfit for human consumption :—

				cwts.	lbs.	ozs.

## SLAUGHTERHOUSES

Regular killing continued at the two licensed slaughterhouses and as will be seen from the preceding table 100% meat inspection was carried out involving 258 visits during the year. It was necessary to condemn 2 cwts. 20 lbs. of carcase meat and 4 cwts. 5 lbs. of offal.

Both slaughterhouses were surveyed and lists submitted to the occupiers of the requirements to bring the premises up to the standard required to comply with the Slaughterhouses (Hygiene) Regulations, 1958, and the Slaughter of Animals (Prevention of Cruelty) Regulations, 1958. One occupier decided to carry out the necessary alterations and the other decided to build a new slaughterhouse and to discontinue using the existing one.

## ICE CREAM

Regular inspections of premises where ice cream is sold have been made. With one exception all the retailers sell pre-packed ice cream.

## FACTORIES ACTS 1937 to 1959

No action was necessary under the above-mentioned Acts during the year.

## PREVENTION OF DAMAGE BY PEST ACT

The Council have continued to have the part-time services of the Rural District Rodent Operator, who works under the general supervision of the Department. Regular baiting of the Council's properties, including the refuse tip and sewage disposal works, have been carried out. The Operator has dealt efficiently with infestations found as the result of regular survey and complaints received.

L. W. EVES,

Chief Public Health Inspector.
